

K-Love gives me an alternative to music that is not aligned with my religious beliefs. To take away K-Love would be a restriction of my religious practices.

The effect on the local community if K-Love were to be displaced by an LPFM broadcaster providing other programming would take away the diversity in radio altogether (Secular vs. Religious). It would also take away the gospel of Jesus Christ to those who would not hear it anywhere else.

It is in the public interest of my community because I think children as well as grown-ups deserve an alternative to secular music. The music from K-Love radio is not only encouraging, but a great way to spread the gospel in our community.

If K-Love were displaced by an LPFM broadcaster, it would be a part of nothing more than the systematic eradication of Christianity in America today.
